Education

- 2012–2015 **Technician on Computer Networks**, *CEFET-MG*, Belo Horizonte.
2016–2021 **Bachelor on Applied Mathematics and Scientific Computing**, *USP*, São Carlos.

Experience

- 2016–2017 **Researcher on Constraint Logical Programming**, *USP*, São Carlos.
Development of research on Constraint Logical Programming, with a focus on optimization problems.
Study of methods and development of a didatic material on the subject (available on github at <https://github.com/ericlesaquiles/Otimizacao-por-restricoes-logicas/blob/master/doc/Complete/Complete.pdf>), with the view of making optimization methods more known to the public.
- 2017–2019 **Manager of local SIAM Student Chapter**, *SIAM Student Chapter*, São Carlos.
Management of Student Chapter activities (including math circles, seminars, movie clubs, prospection of members and others.)
- 2018 **Participant on Google Summer of Code, on EusLisp project with JSK of Tokyo University**, *Google/JSK lab*, (work done online) São Carlos.
- 2021(march)– **Data Scientist**, *Monitora Tec*, São Carlos.
2021(dez) Where I work together with a team in the the Serasa Experian company in devising new solutions to their analytics problems, by means of data science.
- 2021(dez)– **Research and Development**, *Samsung Research and Development*, Campinas.
2022(present) Where work with Samsung's R&D Projects, mostly related to some of its health products.
- 2022 **Student**, *Data Science MBA*, USP São Carlos.
Where I study state-of-the art techniques in Data Science, and how to apply them on real-world projects (under a scholarship).

Participation in events

- 2018 **Participant on RosCon 2018**, *Robotics conference, centered on the ROS software*.
View my lightning talk (English): <https://vimeo.com/293530266>, Madrid.
- 2017 **Presenter on Seminário de Coisas Legais ("Cool Stuff Seminar")**, View the presentation entitled "Quando a incerteza for o que há de mais certo" (portuguese) at <https://www.youtube.com/watch?v=QAhXDxNBtUw>, São Carlos.
- 2018 **Volunteer at the General Assembly of Mathematicians**, *On the auspices of the International Mathematical Union, at the occasion of the International Congress of Mathematics.*, São Paulo.
- 2020 **Volunteer as a mentor at Technovation Challenge Brasil**, *In a try to help foster the healthy growth of the next generation*, São Carlos.

2021 **Volunteer as a monitor at School of Coding for Girls**, *A program undertaken by Universidade de São Paulo's professors to introduce basic programming skills to young high-school girls.*

Summer Courses

- Summer course on Advanced Calculus (calculus on manifolds) - ICMC USP, São Carlos, 2016
- Participant of International Summer School on Modern Mathematics for Students - Jacobs University, Bremen (Germany), 2017
- Participant of Hilbert-Bernays Summer School on Logic and Computation - held online by University of Göttingen, Göttingen (Germany), 2020

Other general interests/memberships

- Mathematics Logic, Linguistics, Languages, History, Philosophy (you may want to check my blog for a couple thoughts on those areas (among others): <https://ericlesaquiles.github.io>);
- On my free time, the past year I've been attending to a couple study groups, on logic, category theory and machine learning;
- Awarded honorary membership at the Edinburgh University's Philosophy Society (PhilSoc), for my (online) participation in some of the reading groups;
- Member of the ASL (Association of Symbolic Logic);
- Passionate about traveling, prior to the pandemics I've been backpacking through Brazil, learning about meditation, various vegan recipes and more;
