Love means to commit yourself without guarantee
— Anne Campbell

Education

2012–2015	**Technician on Computer Networks**, *CEFET-MG*, Belo Horizonte.
2016–2020	**Bachelor on Applied Mathematics and Scientific Computing**, *USP*, São Carlos.

Experience

2017-present **Manager of local SIAM Student Chapter**, *SIAM Student Chapter*, São Carlos.
Management of Student Chapter activities, such as mathematical circles, study groups, etc.

2018 **Participant on Google Summer of Code, on EusLisp project with JSK of Tokyo University**, *Google/JSK lab*, São Carlos.
Adequation of EusLisp language to Common Lisp standards.

2016–2017 **Researcher on Constraint Logical Programming**, *USP*, São Carlos.
Development of research on Constraint Logical Programming, with a focus on optimization problems.
Study of methods for integration of solution methods and development of a didatic material on the subject, present on github (as work-in-progress).

2016 **Intern on Network Programming**, *RockContent*, Belo Horizonte.
Developer of a Ruby platform.

2014–2015 **Programmer**, *Trincabotz*, Belo Horizonte.
Programmer of robots at a team that makes robots for competitions.

Languages

Portuguese	Fluent
English	Advanced
